31 OCT. 1985

RÉF. N° (à rappeler dans la réponse) G/SO 217/5 CONF
G/SO 217/1 INDO

25 October 1985

Dear Mr. Rajkumar,

I should like to acknowledge receipt of your letter of 10 October 1985, addressed to the Chairman of the Working Group on Enforced or Involuntary Disappearances, which I shall not fail to bring to the Chairman's attention.

In the meantime, I would like to point out that the Chairman's letter G/SO 217/5 of 8 August 1985 to which you seem to refer contained a general appeal by the Working Group to all organizations to submit as many details as possible on each case of an enforced or involuntary disappearance, in order to enhance the chances for meaningful investigations by the Governments concerned. The Working Group will continue to communicate to you, as was previously done, which cases of the information you provided were transmitted and which reports would require additional elements.

May I take this opportunity to also refer to your letters dated 25 and 30 April 1985, by which your organization submitted 61 and 112 reports on enforced or involuntary disappearances in East Timor. As you were already informed orally, 50 of these cases were transmitted by the Working Group to the Government of Indonesia. In doing so, the Working Group expressed the hope that investigations would be carried out and stated its interest to receive any information the Government might wish to send.

... I am attaching for easy reference the lists of the cases which were transmitted on 8 August 1985 (27 cases) and 18 October 1985 (23 cases) respectively. The information on some of the cases was combined with details received from another source.

...../.....

Mr. R. J. Rajkumar
Secretary General
Pax Romana
B.P. 85
1211 Genève 20-CIC

For all remaining cases, however, the information provided to the Working Group by your organization was not considered sufficient. These cases did not contain the basic elements that would be required by the Working Group, such as the exact date (the day) of the disappearance, the place where the missing person had been seen for the last time and an indication of the persons who presumably carried out the arrest or abduction. Such information, together with any additional details which may be relevant to the reports on the disapperances you submitted may be sent to the Working Group on Enforced or Involuntary Disappearances, care of Centre for Human Rights, United Nations Office at Geneva, CH-1211 Genève 10 (cable address UNATIONS GENEVA, telex 289696).

Yours sincerely,

G. Mautner-Markhof
Secretary
Working Group on Enforced
or Involuntary Disappearances

UNITED NATIONS VOLUNTARY FUND FOR VICTIMS OF TORTURE

HOW CAN YOU HELP VICTIMS OF TORTURE?

WHY WAS THE UNITED NATIONS VOLUNTARY FUND FOR VICTIMS OF TORTURE SET UP?

Torture is a particularly serious violation of human rights and as such is strictly prohibited by national and international law. The United Nations adopted on 10 December 1984 a Convention outlawing torture. In that Convention and in many other conventions, declarations and resolutions the International Community has made it clear that the prohibition of torture is unconditional; there can be no justification for torture, whatever the circumstances may be.

However, it is a sad fact that torture continues to be practised in many countries. As long as this is the case, we must do what we can to help the victims who are often in urgent need of medical, psychological and other aid.

Many of those needing help were tortured because of their activities as lawyers, journalists, trade unionists, or leaders of rural workers, or because of their work in human rights or religious organisations.

In order to provide needed aid, the United Nations General Assembly has set up the Voluntary Fund for Victims of Torture.

It should be emphasised that the setting up of this Fund can in no way be understood as an implicit acceptance of torture. On the contrary, the ban on torture remains firm and without exceptions, and the primary task of the international community, as well as of individual nations and men and women of goodwill, is to eradicate torture altogether.

WHAT DOES THE VOLUNTARY FUND DO?

The Fund has received many applications for grants submitted mainly by institutions, organisations or groups which have set up specific projects aiding torture victims. The Fund has made grants to a number of projects in different countries, giving priority to those providing direct medical or psychological assistance.

The Fund is also co-operating with two Centres for the treatment and rehabilitation of torture victims, one in Copenhagen, Denmark and another in Toronto, Canada. It has given financial support for

the training of doctors and other medical personnel in methods of treatment of torture victims and providing assistance in other parts of the world.

WHERE DOES THE FUND GET ITS MONEY?

The Fund is wholly dependent on voluntary contributions from Governments, private organizations, institutions and individuals. It is in no way financed from the regular budget of the United Nations.

As of December 1984 the Fund had received contributions from nineteen Governments and several non-governmental organizations and individuals.

HOW IS THE FUND ADMINISTERED?

The Fund is administered by the Secretary-General of the United Nations, with the advice of a Board of Trustees of five members with wide experience in the field of human rights. The Fund is operated in accordance with United Nations financial regulations and a report on the Fund is presented each year to the General Assembly and the Commission on Human Rights.

HOW CAN YOU SUPPORT THE FUND

The Fund can only give aid to torture victims within the limits of the financial resources at its disposal. The needs for aid are considerable; many valuable projects in different parts of the world are seriously hampered by financial difficulties.

Any contribution to the Fund – big or small – is therefore most welcome. If you wish to contribute, please send a check to the order of the United Nations Voluntary Fund for Victims of Torture to:
